Assessor Comments			Slightly Stirry: 2 head	
	All heifers handled very well in both the yards and crush, with only 2hd slightly uncomfortable in either the yards and or crush when put under pressure. The balance of the heifers were a real pleasure to handle in both the yards crush.

Assessor	Corey Parker (Level 1 Accredited) A great chance to purchase young, EU, well bred PTIC heifers. These heifers are in very good condition and well grown. They were a pleasure to handle through the yards and crush. These heifers are pretested in calf to renowned Angus studs Rennyalea and Dunoon Angus bulls. They were joined for 8 weeks. NOTE - 9 heifers have a very small amount of white on their udder. 1 heifer has an old pink eye scar. A small % of Heifers are just starting to rub their winter coat out. NOTE - vendor has 2 other lots of PTIC heifers in this sale.
