Assessor Comments	A great chance to purchase a small line of young, EU, well bred PTIC red and red baldy heifers. These heifers are in very good condition and very well grown. The heifers were not joined last spring only due to their colour. They were a pleasure to handle through the yards and crush. These heifers are pretested in calf to renowned Angus studs Rennyalea and Dunoon Angus bulls. They were joined for 8 weeks. NOTE - A small % of Heifers are just starting to rub their winter coat out. NOTE - vendor has 2 other lots of PTIC heifers in this sale.
