Assessor Comments	EU accredited PTIC cows in the prime of their life. Predominately 3 & 4 year old Rennylea and Dunoon blood Angus and Angus X cows (2 baldies) joined to quality Dunoon Angus bulls to commence calving early January. The cows present in store to forward store and have plenty of frame and growth for age. The Hanna cattle a renowned for their doing ability and are only being sold due to a change in their program. Due to the age of the Preg test certificate, Vendors will have them retested to ensure buyer confidence. One cow with blue scarred eye.
