	Cattle moved swiftly through the yards. I class their temperament as good with the odd heifer being "touchy". These Heifers would present no handling issues for experienced Cattle people however I suggest that inexperienced Operators should take care in the yards. They are not dangerous but should be treated with respect.		
Handled With	Bikes , Vehicles		
Assessor Comments	A beautiful line of Vendor Bred Heifers that will calve as 2 and a half year Olds in Feb/Mar on a very short Five week joining. Vendor is Spring calving and these were Tops to be retained however due to a Bull breakdown they have become Autumn Calving. They will look an absolute picture when calving in February. Well renowned breeder in the area that always tops the Weaner Sales. These Heifers would put a top on any Autumn calving herd.
