Assessor Comments	Small line of large framed Angus/Freisian heifers with Fernliegh Angus P64 calves at foot. Vendor bred heifers bucket reared, bred out of quality dairy cows that were always culled heavily for soundness fo udders and feet. Heifers themselves are by a previous Fernliegh Angus bull. Quality line of heifers doing great job with their calves, four bull calves and two heifers. Calves not marked or vaccinated. Ideal vealer breeders ready to rejoin to the bull of your choice.
