Vendor Comments	A nice line of weathers that we will guarantee will grow out in to heavy export weights with no trouble at all given the frame and performance on both sides of the genetics.
Assessor Comments	A quality, well bred line of first cross wether lambs showing plenty of weight for age with still plenty of room to move going forward. These wether lambs are weaned ready to jump ahead on good feed. The Chapman sheep are renowned for their big frame scores and big weights in SA when their merino lambs are grown out so their crossbreds will only be better again! These lambs are bred to perform and are for sale as part of annual turn off. Assessed as 1 mob of 370 to be split run of gate 2 x lots of 185.
