Assessor Comments	A quality line of Merino/ Dorset, cross bred lambs. April, May drop and weaned on 15th July. Lambs have been supplemented with grain since weaning and have been grazing fresh spring pastures of clover and ryegrass. They have the conformation to finish as trade lambs and the genetics to take out to export weights. At assessment all lambs were weighed from 33 to 44 kg, with the tops and tail removed. As can be seen in the photos, skins are clean and fresh looking.
