Assessor Comments	On offer is a line of 145 freshly shorn White Suffolk cross suckers. I believe these lambs would go forward and perform well if given the opportunity to fresh feed and warmer weather. These lambs have been running on an improved brassica crop supplemented with Oaten hay and imprinted on Oats by being trail fed on and now off mum which I believe is a benefit to anyone able to re introduce them onto similiar feed upon delivery. This line of lambs are by quality Clive White Suffolk Rams and out of good roomy, plain bodied Bluebush blood ewes and have the potential to stretch into some very big lambs, prospective buyers have the opportunity to put away some lambs that are going forward and will have the chance to secure another line of 220 of these same drop lambs in this sale, a great opportunity for a quick turnover.
