Assessor Comments	A fantastic opportunity to secure a line of very well bred weaned new season lambs that are close to hitting killable weights. All assessed lambs in this lot were weighed on assessment day (11 days ago) from 33-42 kg after a big overnight curfew and are still quite fresh in the pelts, even though they've been weaned for over a week. These lambs have strong White Suffolk & Suffolk influences and are packed full of meat and shape that have the potential to hit heavy export weights if given the chance. All lambs will be market crutched prior to delivery.
