Assessor Comments	An excellent line of Yarrawonga blood wethers with a 15% tail removed. In forward condition and have already been on the feeders so it wont take much to continue these wethers on to do a job on. With plenty of growing to do these wethers are on the do. Vendor states lambs like these turn into great wool growing sheep with his mature age sheep cutting 6.3kg with a micron of 18. The vendor also has a small merino stud 'Durdidwarrah merinos'
