Assessor Comments	Large mob of merino wethers lambs. Presented as a whole, will be a run out the gate of 440. Cluny have been breeding merino sheep for over 70 years, having their own merino breeding stud/nucleus which is predominantly Roseville Park and Okehampton bloodlines or rams purchased from daughter studs of the previously mentioned. Lambs are very evenly presented in 2 mobs. Bottoms were drafted out 8 weeks ago and a small draft of top heavies to finish on crop. Rarely does an opportunity arise to purchase Merino lambs of this quality.
