Vendor Comments	Annual sale of the "Canowie" Wether Lambs. Regretfully as lighter weights than we would like them due to a tough Autumn and Winter Feed season. Genetic potential to power forward given a chance.

					Medium	10%
Assessor Comments	A line of strong store condition Merino Wether Lambs that are well bred with the potential to grow on and achieve trade/export weight carcase or take on as wool growers. These young lambs have ample growth for age and have a very nice style of wool on their back. A very small percentage of Lambs carry small horns, these having mostly been tipped. This quality line of young wether lambs represents the lead draft of the Canowie wether lambs and are ideal to tuck away and grow into money. 1 lamb carries a black patch on its shoulder and can be taken out at the purchasers discretion. *Note the Vendor has 2 lines on offer in this sale totaling 526 Head.
