Assessor	270 PD / Mo x Store Lambs. Weighed 29.5 kg after a big 30 hour curfew from being crutched & drenched 31/8. Bred from large framed mallee merino ewes with the "Select Stud" Poll Dorset sires we have been achieving export weight lambs in a Jan/Feb turnoff from Barley stubbles. But with limited paddocks until then we decided to offer them early as stores this year. Weaned in mid July, Crutched & Drenched this week. Lambs are ideal to turnout onto sown feed. *Note two different coloured tags in the consignment.
