Vendor Comments	Complete drop of ewe lambs from our purchased in ewes would normally keep these but reducing workload.

Any Access To Rams or Stags?	To vendor's best knowledge, this lot has had no access to rams or stags.
Assessor Comments	A very nice line of future breeders, lambs are typical of Kamora and Netly blood with plain bodies nice bright wools and plenty of bone. These young ewes will be excellent breeders in years to come. A % of these lambs are carrying some dag and stain. Carawebb have the brothers to these ewe lambs in this sale and 2 lines of Xbred sucker lambs.
