Assessor Comments	Buyers a 3 deck line of station mated Hereford cows that have been continuously joined to Angus bulls. Cows are best described as medium to large frame and present in store to forward store condition. This line of cows had a run of weaners removed on Friday 10/09/21. This mixed age line of cows would suit to fatten on crop or trade on as PTIC's. At assessment 5 x cows noticed with some old blue eye scarring not active and 3 x cows with a very slight bottled teat. Vendor also has 3 x lots in the weaner sale.
