Assessor Comments	Here is an opportunity to secure a fantastic line of Angus breeders. These cows have got plenty of frame and good bone. The cows were all bred in ticky / lantana country and have only been in the clean for 3 months. The calving window on these cows will be less then 8 weeks and they are joined to top quality Palgrove Ultra Black Bulls and a low content 'Lunar' Brangus Bull. The cows are not age branded but all range from 5 to 8 year with the majority being 5 to 6 years. Don't miss an opportunity to secure a top quality line of well handled, preg tested in calf cows.
