Assessor Comments	A line of 10 x 10 Angus Cows & Calves generally very good quality. They have been running back to a Angus Bull for 1 week at assessment. Cows are generally in very good order and range from 552 to 720 kg with an average of 631.6 kg, 2 hours off feed at assessment. Approx. 4 Cows have one blue eye each & approx. 2 have a little white around udder area. One Cow has bad feet with long toes at rear. Ideal lot to run on and split later or use to top up numbers back into a self replacing breeding herd. Calves are 5 Steers and 5 heifers and range from 64 to 118 kg with an av. of 98 kg.
