Assessor Comments	Quality EU commercial breeding cows that are being sold as a management mob of 2014 drop K cows age group with a tail removed. Cows are lighter than normal after a very wet Cold winter. Cows are normally 600+kg as CFA cows. The Cows are putting everything into the calves which are fresh and not marked. Calves are by Abington Angus Bulls. Calves have been born over a 10 week period commencing mid July One cow has a white circle birth mark on Flank and another has a few little white marks around mouth. Opportunity to buy vendor bred cows that are surplus to requirements with so many young cows coming on. VENDOR HAS 2 OTHER LOTS COWS SAME BREEDING IN SALE
