	Cows handled well in yards, odd cow stirred in crush or when confined. Cattle have been handled exceptionally well with capable stock men on horses using dogs. All cattle go through a program of induction which includes education of electric fences, dogs and horses for approximately a weeks time.		
Handled With	Dogs , Horses , On foot , Vehicles		
Assessor Comments	A smaller productive line of older cows doing a great job on their calves. Cows have been great matrons with good frame and depth of body and milking well, calves have been sired by Rennyalea Angus sires and show good growth for age. Handy unites that would suit a range of avenues.
