	Heifers handled well in yards, odd heifer stirred in crush or when confined. Cattle have been handled exceptionally well with capable stock men on horses using dogs. 1 heifer was agitated after weighing process.		
Handled With	Bikes , Dogs , Horses , On foot , Vehicles		
Assessor Comments	A run of Angus/Santa PTIC females purposely joined to the black Simmental sire to amalgamate into the 'Timor Cattle' heifer operation. Heifers present in store condition, they have been running on native pastures in the hills. Heifers will continue to grow out if given the opportunity into future breeders for years to come. Heifers were purchased joined as a run of 26 and present a great opportunity to acquire young breeders.
