Assessor Comments	Two lots of 24 heifers for sale in this Auction. Sold as a run out the gate. One mark heifers that wouldn't be for sale except for the fact the property has been sold. They now must go. All heifers were preg tested in calf some months ago but will be tested again prior to delivery as a guarantee. Exceptionally well bred line of heifers. Heifers are very eye catching in the paddock , these are true front paddock cattle.! Ideal to calve down soon.
