Assessor Comments	A neat line of stylish Santa cross heifers that will continue growing into roomy cows, and produce weaners calves with plenty of sap and bone. The cattle were bought in Jan as complete drop of mixed sex weaners with the steers already turned off as feeders while the Heifers were joined and pregnancy tested to hit the future breeders market. Cattle came from the Warren district and where out of large framed Santa cows by Santa and Drought Master bulls. Joined to the Nock's own Yandilla stud Angus bulls which are selected for LBW, Docility and trueness to type, these heifers haven't seen a hard time in there lives so buy with confidence that you'll have a neat young Cow and Calf unit in the Autumn.
