	Nice quiet lot of cows to handle in yards without being to docile. Reacted well to movement. Whilst taking photos and videoing they didn't seem stressed from being in close around them.		
Handled With	Bikes , Dogs , On foot , Vehicles		
Assessor Comments	On offer is a very neat line of 15x15 2nd calvers. These females are in good forward store condition and are doing an outstanding job on their calves. CAF are sired by high indexing Bongongo bulls (See bull ID's) selected for IMF, 400 Day Growth and temperament. Vendor consistently buys in the top 10% on the Bongongo autumn & spring bull sales each year, which really shows through the female portion of their herd with lengthy, deep cows and the performance of their steers at feedlot level. In saying this these young units have years of Angus breeding behind them and would complement any herd, or be a great starting point for anyone to build from. Buyers please note vendor has 2 other lots in sale, in particular one other lot of mature aged cows which is a great example of the potential of these younger cows. These units come highly recommended. Cows are not over done in condition, have plenty of youth on their side and are bred impeccably.
