	Temperament is outstanding on these cows, very quiet draft of cattle. Could walk around these cows comfortably whilst taking photos in a small yard.

Assessor Comments	On offer is a very good quality run of 27x27 mature aged cows with CAF. Cows show great temperament and even though are in prime condition, still display plenty of length and depth in body. Calves at foot range from 2-8 weeks of age but the majority of these calves are very even (See photos) and are sired by high ranking Bongongo sires. Two of the older age group "G" cows were mouthed at assessment and were sound. In saying this, I'd suggest these older cows will go around again comfortably for another joining. Coming out of a cold, wet winter, as well as doing a great job on their calves, these cows still present in good, fat order, which goes to show the years of breeding that's gone into them. Buyers have a variety of options with these units and they come highly recommended.
