Assessor Comments	Here is a line of predominantly 5 year old cows that are pure Bongongo blood with CAF. Cows are currently in their working clothes; clearly putting all their efforts into the calves. Calves are in fresh order and are by high indexing Angus Bulls in Bongongo P229 & N511. Vendor selects high quality bulls focusing on traits such as IMF, 400 day growth, milk and temperament. One of the cow has twin calves. These females have plenty of upside and still having many more breeding years ahead of them. All round good sound units.
