Assessor Comments	A small run of good quality hereford heifers joined to the Kunuma Angus bull. Heifers are well handled and have come out of a Monaro winter well and in calf. Ideal cattle to trade or start a herd. Heifers are due to start calving in Feb 22 as 2.5 year olds for 9 weeks. These heifers were purchased as weaners out of a reputable Gunyah blood herd. Presenting in forward condition. Please note: Majority of heifers have joined early in first cycle but there was one heifer noted that must have joined up late in the joining. Tail tags have been placed on heifers. Agent can arrange freight to Riverina with weekly market trucks.
