Assessor Comments	Big solid Boorook bred matrons that have continued to rear an outstanding calf every year. Good fertility, scanning up in the first 2 cycles - to calve over a short 6 week period. Ideal small lot of females for a hobby farm operation, to top up numbers, or take advantage of the weight in these females, calve them down & appreciate the split potential. Buyers please Note. 3 females presented with a white patch on their flank/udder. Please see photos & video for full contentment.
