| Assessor Comments  | A well presented line of rising 2 yo Heifers Preg tested in calf to Newblax Angus/Simm bull (see picture). These heifers were purchased as young calves and have been well handled and managed right to present date. They were a pleasure to handle in the yards and over the scales (see video). With a very bouyant cow market they present value to change over into a younger outfit and/or top up spring calving heard. Bull went in on the 29/1 and at assessment they were deemed to be 4.5 - 7 months in calf. Note - horn status see above. Note - Another lot offered off same place. |
