	Generally well behaved and easy to handle, considering drafted from their calves for assessment. The odd cow stirred up through the crush and a bit of run through the yards.

Assessor Comments	This lot represents most colours/breeds on offer, with a big difference in frame size and age group across the mob. Majority of cows present in store to forward store condition, but all are well bred types sourced locally and shown the right conditions will go forward and finish through the spring. There is no doubt they are good mothers, doing a terrific job on their Charolais calves which vary from 2 weeks old to 6 months old.
