Assessor Comments	A line of well bred 2nd Calvers, 3.5 year old cows that are Coolana Blood. Ladrow Angus Bull has been back running with the cows since April, cows have a CAF which ave. 170kg @ 4-5 months of age. Cows have had it tougher than expected through a cold wet winter running with sheep, but no doubt cows with plenty of frame will fatten leading into spring. Calves are quite fresh and healthy, would be the ideal article for someone with plenty of feed ahead of them. Calves have been marked, tagged, drenched and vaccinated so all the hard work has been done.
