Handled With	Very quite line of heifers easy to handle Bikes , On foot , Vehicles
Assessor Comments	This is a line of spring calving heifers with a big future in front of them. Heifers are in store condition ideal for calving. Heifers are Pathfinder blood and are normally retained as breeders but are on the market this year due to numbers. 4 Black baldy and 1 red heifer in the line and a handful of heifers show white under their belly. 2 heifers have old pink eye scaring still have full vision and showing a bit of rub which would clean up quickly with a back line. Good line of heifers not to be over looked. In calf to a Kingarth Angus bull. Heifers are up on the job and will need to move reasonably quickly and care should be taken when trucking.
