Assessor Comments	A line of mixed age classed in large frame Merino ewes, The age breakup of these ewes is 30 blue 2015, 79 black 2016, 81 white 2017, 136 orange 2018, 169 green 2019. The fat score 1 ewes are high score 1's. The bulk of these ewes have had early lambs weaned off them at shearing in August with the balance at the tail end of their lambing period & are not showing any signs of making milk so it would be highly unlikely that they would be in lamb . The Mt Ascot flock is renowned for frame & as quality soft bright wool growing sheep. These ewes have the frame & quality to enhance any flock.
