Assessor Comments	50 Australian White (Tattykeel Certified) ewes Aug/Sept 20 drop. These ewe lambs are scanned in lamb to Tattykeel rams due to lamb on the 15/10/21. Note that when scanned there were 6 sets of twins detected. They are a wonderful article that would be an excellent starting point for anyone getting into the Australian White market. The vendor has been with Tattykeel since the start so you are assured to be purchasing the best article possible.
