Assessor Comments	A good, small group of Yarrawonga blood, predominantly plain-bodied Merino ewe lambs which would be highly suitable to restockers joining to teriminal sires for prime lamb production. The ewes demonstrate great growth and structure - true to breeding qualities of Yarrawonga bloodlines. Tiverton Partnership have been purchasing Yarrawonga Poll Merino rams for more than 10 years. All the Merino ewes at Tiverton are Gudair vaccinated as lambs. The ewes also received a light mulesing, using Tri-Solfen for pain relief. The 12-13 month aged ewes averaged 53.7kg live weight at assessment.
