Assessor Comments	Well bred rising 6.5 year old principally Grassy creek blood breeders of solid medium and better frame, showing good bone. Ewes would suit both merino and terminal enterprises. Classed breeders that have all been scanned previously in lamb. Lambs weaned a month ago and in my opinion would improve in condition with an additional drench and better quality feed. A small tail was removed prior to assessment. Good clean heathy sheep. Of 79 ewes sampled 1 with scurs. small % of ewes with longer toes relative to age and previous wet seasons, not detrimental.
