| Other Joining Details        | Ewes were scanned empty after a neighbours ram was found in the mob for 48 hours. 4 ewes were found in lamb and removed from the mob.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
| Any Access To Rams or Stags? | To vendor's best knowledge, this lot has had no access to rams or stags.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| Assessor Comments            | An outstanding line of young Merino Ewes that are full of quality, depth and stretch. These Ewes have a long staple for a return straight away and will take a ram of your choice. Vendor takes great pride in breeding top quality Ewes and buys the top Poll Boonoke rams each year at annual ram sale. In previous years Ewes will shear 7 Kgs at 20 micron and will be big robust Ewes as adult sheep. A neighbours ram was found in the mob for 48 hours, ewes were scanned empty by Mick Connolly with any ewes in lamb removed from the mob. A tail has been taken out of this mob at time of assessment. Please call with any questions. |
