Assessor Comments	A good to excellent line of May/June 2020 drop ewe lambs that present in store to forward store condition. These young ewes are August shorn and are really starting to bounce away and should continue to do so given the right opportunities. These ewe lambs are bred out of large framed, plain bodied Keri Keri blood ewes and sired by the Keri Keri rams. Approximately 9% of the lambs assessed had small scurs. A great opportunity to purchase very well bred merino ewes with all there productive lives in front of them.
