Assessor Comments	These 233 mixed age medium-large frame merino ewes have just reared approx 125 % white suffolk lambs. They were drenched and put on a fresh paddock 6 weeks ago, shorn and their lambs weaned a month ago and havn't looked back. A worm test was carried out 3 weeks ago and test come back with a egg count of zero. Vendor removed broken mouths and bad bags and these ewes are good to go around again. Take home and join to ram of your choice. Productive ewes that will be priced to sell.
