Assessor Comments	Second run of the 2 & 3 yr Bare shorn Stud Park Blood Banool wethers that would be ideal to take on through the spring and into the Autumn to cut a valuable Fine wool Fleece (16 to 17 mic) and have a heavy wether to sell or take on long term as woolcutters. Mostly 2 yr old about (20 to 25%) 3 yr old. Banool had a tough Autumn and these wethers still cut 70mm at 8 mths of 16.5 mic wool. Just 2 weeks off shears but starting to power ahead with sunshine and quality feed. Good framey wethers to put weight on. 5% tail drafted off. NB 394 Tops to above and 960 1yr also in sale. Approx 30% Horned
