Assessor Comments	227 2016 drop "KINKORA" bred and Hynam Poll merino blood Black Tag merino ewes that present in good condition. 1 mark of Ewes that have been running as two separate mobs of ewes but put back together to make a nice line again (Did half the sample of weights on both mobs as they were still separate at assessment time). Straight off the shearing boards and also having just had their lambs weaned off. Big Framed ewes with plenty of stretch and good bone. mouthed 17 ewes to find 2 broken missing their wing teeth, 1 worn and the rest still had full mouths. some ewes will also have a red tag this was only put in for management purposes. Also some ewes showing to longer toe nails.
