Assessor Comments	225 2017 drop "KINKORA" bred and Hynam Poll merino blood White Tag merino ewes that present in good condition. 1 mark of Ewes that have been running as two separate mobs where some ewes will have a red tag for management purposes but now put back together to make a nice line again (Did half the sample of weights on both mobs as they were still separate at assessment time). Well bred ewes with good frame and length and still have a couple of years left of breeding in them. Straight of the shearing boards and been both drenched and back lined ready to be joined to the ram of your choice. Note that these ewes are in a withholding period for Startect and Powershield. note some ewes will also have a red tag that was only in for management purposes. **PLEASE contact agent Tim Ferguson 0419 012 883 **
