Assessor Comments	A great line of 94 Border Leicester/Merino ewe Lms/Hoggetts.this is the complete drop with a 6% tail removed.These ewes were retained until shearing to see if they were needed for 2022 breeding program but now can be offered as vendor has enough older ewes.They have never had a chance at a ram and are in perfect condition to mate anytime that suits your program.Roseville has consistently purchased top rams from Coolawang and Glencorrie studs.Their mothers are large frame Gum Hill blood ewes.These ewes have done extremely well since shearing and are still improving at time of assessment.
