Assessor Comments	A neat line of 120 well bred young ewes only for sale each year as surplus to requirements. Past purchasers have been really happy with these ewes ability to grow out, cut a good fleece and to produce a quality Xb sucker lamb. These young ewes have a nice start in the wool being July shorn and will make ideal breeder ewes for XB lamb production or self replacing Merino breeders. Ewes are in forward condition and could be easily joined in November given the correct feed management leading up to joining. Note the extended delivery option.
