Assessor Comments	An excellent opportunity to purchase some exceptionally well bred Avenel bld merino ewes. The ewes present in bare shorn condition ready to take on in any breeding operation. Ewes have had 110% lambs weaned off them at time of assessment. Ewes all have sound mouths and bags, there is the odd ewe with a slightly longer toe due to running on irrigation country. Buyers can purchase these ewes with great confidence with the proof being cemented by their weights, high lambing percentage & bloodline. *Please note any excessive long toes have been pulled out prior to assessment*
