| Assessor Comments | An excellent line of ewes that are being sold due to reducing commercial stock numbers to increase stud ewe numbers. This line represents 50% of Millbrae's total 2021 ewe hogget flock. These ewes will make excellent merino or prime lamb mothers and have a large frame with lots of stretch. The total line has had a 15% tail removed and will be good strong breeders for years to come and are bred for deep barrel and structure with bright white nourished wool. These ewes are paddock run with no supplementry feeding and are ready for a ram of your choice. There are 118 ex stud ewes in this line with tags in the right ear which correlate to the family. To Be Offered In Unrestricted Runs Intendeding Purchasers Please Fill In Attached Form To Split The Mob If No Form The Successful Purchaser Will Take The Lot/Balance Of The Lot. |
