Assessor Comments	Opportunity knocks right here! It's been a long time since we've seen these ewes available in this market, and once you've bought these ewes, you'll be back for more next year. They have come through one of the toughest and driest 9 -10 months we will ever see and have done so without supplementation. It is incredible to witness their growth off shears and a true testament to the breeding behind these productive young ewes. Take them anywhere and join them to any ram! These SANDALWOOD POLL MERINO ewes will fill bales and produce exceptional lambs for many years to come. Buyers please note that the MN3 status of these ewes will be maintained through the Lameroo Saleyards.
