No known contact with shedding breeds

Fresh Pink Skins Typical of the Merino Breed.

The Wool on these Ewe Lambs contains a signifigant amount of Barley Grass. Upon inspection i didnt find any Penetrating the Skin but there was certainly plenty around the faces and bellys. I Would encourage the Purchaser to Shear these Lambs.

Assessor Comments	Complete Drop of 100 Ewe Lambs on Behalf of Mike and Jenny Wyndham. Plenty of Potential in these Lambs, They've done really well considering the tough season they have had.. As Noted in the Assesment there is quite abit of Barley Grass in these Lambs but i dont believe it has penetrated the skin yet. I Would Encourgae the purchaser to Shear them as soon as they get home and watch them grow out into Quality Ewes. ***Please Note-Delivery Required within 24hrs of Sale***
