Assessor Comments	A very neat line of the highly regarded Kerin Poll blood ewes. Ewes are classed annually by Nigel Kerin with this line being the autumn lambing classed out ewes joined to terminal sires. Ewes were shorn in May and cut 4 kg at 6 months. 120% autumn drop lambs were weaned in the first week of September. JK Derrick Farming continue to purchase top grade rams out of the Kerin Poll sale. Ewes were treated with Clik Extra (body and breach) after assessment. Very productive ewes with plenty of lambs left in them. * 2 ewes noticed with light horn*
