Assessor Comments	A really good line of 20' drop ewes , really responding to shearing in August. At assesment there were plenty of ewes good 2 scores on to 3 scores,greasing up in the wool , and getting plenty of stretch in there bodys. lovely open in the face and cut a good body of wool. These ewes dont have to be 65 kgs to get in lambs, there on a high plain of nutrution ready for the rams in coming weeks.Tupras goal for the future is fertility, this year it was 114% and plenty of there clients joining to termials rams having percentages well above that. These ewes have had a grain history since weaning and will grow into a great line of ewes. 2 x 350 in sale today , run out the gate
