Assessor Comments	A great opportunity to secure a neat line of Merryville blood ewes with a 25% tail removed from the line prior to assessment. Being June shorn, they have a great bright & soft handling start in the wool. Ewes are mulesed, Gudair vaccinated and would gain weight quickly on good feed as they are in forward store condition. Being only 12 months old, these ewe lambs will grow in to good practically sized wool cutting sheep. 7 dirty ewes were market crutched on assessment day.
